8. Bidder should pay bill to the corporation in the name of Commissioner BBMP within 10th of each month for the awarded amount. If failed to pay within the date he is liable for fine of 0.01% of monthly payment per day and a maximum of 10% of monthly payment. After which his bid may be cancelled.

9. Successful Bidder should submit the water quality test report to the Office of Executive Engineer, Basavangudi Division every month.
 10. Successful Bidder shall maintain the acceptable water quality standards as per ISO and provide for public use and is sole responsible for the supply after treatment.
-
- A. This being a comprehensive annual maintenance contract, for the period, the bidder is requested to inspect all the “RO water purifying Machines” and become well acquainted very carefully about the nature of work required to be carried out and then quote rates accordingly to make the “RO Water purifying Machines” in perfect working order & to maintain the same in working order till the end of contract. At the end of the contract period, the bidder shall hand over the “RO Machines”, in perfectly working order to the BBMP. The Bidder shall use only new and original genuine spares including all other consumable parts etc. and be shown to the BBMP Engineer or authorized person before its use, which are needed for the repair of the unit. Nothing shall be supplied by the MCC. Record for the purchase and utilizing the materials along with the purchase bills shall be maintained by the agency and the same shall be shown to the BBMP Engineer as and when demanded by him.
 - B. A service log book has to be maintained by the bidder, in which all the repair and maintenance work shall be indicated and duly signed by the BBMP Engineer or any other person assigned by the BBMP Engineer.
 - C. BBMP will provide nothing to the bidder, except water at fixed points, for the completion of the assigned repair works.

- D. Electricity bills are to be paid by the successful bidder on his own expense.
- E. The repair works as far as possible be done at the site during working hours.
- F. The BBMP will pay no separate charges for cartage for taking the machines or parts to the bidder repair site, if so required for any repair.
- G. While taking the unit for repairs to Bidder workshop if required so, the Bidder shall inform the BBMP Engineer in writing, regarding Serial No. of various accessories of the unit and take written permission and the unit shall be brought back within reasonable time. During this period, the bidder shall have to make standby arrangements for other "RO Machine or part of it" at his own level and nothing extra shall be payable for it. During transit of the machine or part from the site to the work shop or vice versa, the safety of the material is the responsibility of the bidder, and he should ensure that the machine or part is not damaged or stolen in transit.
- H. The Contractor shall adopt all safety measures, which are essential for the execution of the work. The BBMP shall not be responsible for any miss-happening if occurred while doing the work; this may please be noted very carefully. The contractor is advised to have the insurance of his staff / workers against any miss-happening while attending the work at his own level.
- I. Bidder is required to deploy a well trained technician with sufficient numbers of spares required to maintain the RO machines. Maintenance technicians shall report daily in the BBMP campus to attend the complaints as soon as the same is received. Technician shall undertake preventive service of all the machines, every three months and replace all membranes and filters of the machine. Bidder shall submit the schedule of

preventive service to the office of Project & Maintenance Manager.

- J. Technicians deployed at the site shall mark their daily attendance at main gate on routine basis
- K. Service Engineer has to visit each RO Plants and check the spares. The Service Engineer will report and coordinate with the Project Manager or any other maintenance staff authorized by the BBMP Engineer. The Mobile numbers of the service engineer shall be informed to the BBMP Engineer to have immediate contact with him and shall behave well with the BBMP employees.
- L. Single labour for 5 RO Plants has been considered to look after the plants and he has to visit RO plants daily.
- M. Service provider and his staff have to co-ordinate with the Maintenance staff of the BBMP for proper functioning of all jobs and require attending the complaint within 4hours of receiving the complaint.
- N. Any complaint shall be attended within 4 hours period from the time of reporting the complaint, otherwise the BBMP may impose monetary penalty of Rs. 500/- for each failure, in addition to the cost of repairing charges, if the repairing is got done from another agency.
- O. Details of day to day routine/preventive maintenance work/service/repairing of any RO machine will be recorded by your service personnel in a Maintenance Register and RO Machine wise job card duly counter signed by BBMP's authorized person/concern user.
- P. Preventive /routine maintenance shall also be recorded and shall be duly signed by the concern person /user/staff.
- Q. Bidder shall be quoted inclusive of applicable taxes and levies,

GST & Wages of labours.

- R. All rights are reserved with the BBMP to consider/reject partly or completely any or all the bidders without assigning any reason.
- S. The bidder must pay for all the wages of deployed person, replacement of failed parts or other miscellaneous charges for maintenance. These charges will not be incurred by BBMP.
- T. The bidder is supposed to quote highest bidding rate, which is payable to Commissioner BBMP at the end of each month.
- U. Successful bidder shall pay 5% of Cumulative Gross Revenue Amount (for all 21 Plants) for 2 Years as security deposit valid till completion
- V. The Successful Bidder after submitting the FSD amount agreement is made, work order is issued and EMD amount will be refunded for the same. Once the work order is issued the maintenance work can be started. If the maintenance work does not start, FSD amount will be forfeited.
- W. Water meter should be attached for the reading of water outlet which should be submitted to BBMP at the end of each month.
- X. Contractor should pay every month Electric bill and water supply bill to the concerned department on his own expenditure.
- Y. The water from RO Plant treatment plant is used strictly for public use purpose. This water cannot be used for commercial selling & gross selling or for personal use which is strictly prohibited.
- Z. The agreement can be cancelled upon violation of said rules at any time of contract period, without any reasons given to him.

A. Successful bidder has to maintain the RO Plant in the above

location for a period of Two year and it may be extendable for one more year based on the performance of the bidder.

B. All other matters pertaining to the Terms & Conditions of contract can be taken at any point of time by the Zonal Commissioner, South Zone, BBMP.

Penalty for non-compliances &Termination of contract:

1. If the complaint is not attended within the date and time specified in (xiv) above, BBMP may impose a penalty maximum of Rs.500/-for each failure.
2. Either party can terminate the contract by giving one month's advance notice in writing after the date of agreement is over.

Violation of Agreement:

1. Must submit all the deliverables as per agreement
2. Any compliant will not attended within the stipulated time will treat as a violation.

Renewal of this agreement:

1. The contract may be renewed maximum of One year based on satisfactory services rendered during the year up to a maximum increase of 10% of the actual total contractual value. This decision can be solely taken by Zonal Commissioner of South Zone, BBMP based on the situation during that period.
